

## Mentor Equipping

Every thoughtful Christian leader has at some point prayed for...

- an experienced and godly person who would listen, understand and encourage;
- a trusted person who would not be afraid to ask the hard questions;
- someone to hold one to account in a supportive relationship;
- a wise man or woman who can draw on life experience;
- a thoughtful guide on the journey to maturity;
- a pastoral person who cares and prays.

*Very few receive the mentoring they long for. Mentor Equipping is an opportunity to grow in the personal and ministry skills that will give another the invaluable gift of spiritual, personal and ministry formation.*

## Mentor Equipping

Few emerging Christian leaders receive the empowering one to one support, accountability, encouragement and equipping from an experienced leader that they deeply long for.

Mentor Equipping provides the environment for leaders to reflect on their experience and to develop skills to intentionally build into the lives of others. The training includes opportunities for reflection on a range of models of mentoring, tools and resources for assisting growth, accountability and leadership formation, and an exploration of the dynamics of one to one relationships. The mentor's own personality, experience, gifts and leadership is integrated into a personal style of mentoring.

Places in the training program are limited to 12 participants. Acceptance follows an application and interview.

*“Mentoring intentionally brings the insight, wisdom and care of an experienced leader to the growth challenges, renewal needs and developmental aspirations of an emerging leader.”*

## Mentor Equipping

*The object of mentoring is to encourage whole-of-life growth in another person whose needs, activities and ministry are the mentor's primary consideration*

Participants in the training course begin mentoring immediately and learn in an action-reflection environment. Mentor equipping has wide application to many ongoing training environments in Christian organisations and is particularly suited to leadership development.
