

The object of mentoring is to encourage whole-of-life growth in another person whose needs, activities and ministry are the mentor's primary consideration.

Participants in the training course begin mentoring immediately and learn in an action reflection environment. Mentor equipping has wide application to many ongoing training environments in Christian organisations and is particularly suited to leadership development.

MENTOR EQUIPPING

**2022
—
2024**

BY ARRANGEMENT WITH THE JOHNMARK EXTENSION

EVERY THOUGHTFUL CHRISTIAN HAS AT SOME POINT PRAYED FOR...

- An experienced and godly person who would listen, understand and encourage;
- A trusted person who would not be afraid to ask the hard questions;
- Someone to hold one to account in a supportive relationship;
- A wise man or woman who can draw on life experience;
- A thoughtful guide on the journey to maturity;
- A pastoral person who cares and prays.

Very few receive the mentoring they long for.

Mentor Equipping is an opportunity to grow in the personal and ministry skills that will give another the invaluable gift of spiritual, personal and ministry formation.

TRAINING OBJECTIVES

The training objectives are clearly defined and are based on improving participants' competencies in the following areas:

- To gain a vision for mentoring others into ministry, leadership and maturity.
- To develop an understanding of the biblical basis and theology of mentoring.
- To implement a one year model of mentoring with two to five mentorees.
- To engage in personal spiritual formation as a mentor.
- To understand the dynamics of the mentoring relationship.
- To acquire interpersonal skills essential in mentoring.
- To complete the action - reflection learning assignments in mentoring.
- To cultivate a personal style and ministry of mentoring.
- To collate and develop personal, leadership and ministry resources for use in mentoring.
- To allow mentoring to be shaped under supervision.

Few Christians receive the empowering one to one support, accountability, encouragement and equipping from an experienced disciple that they deeply long for. Mentor Equipping provides the environment for thoughtful Christians to reflect on their experience and to develop skills to intentionally build into the lives of others. The training includes opportunities for reflection on a range of models of mentoring, tools and resources for assisting growth, accountability and leadership formation, and an exploration of the dynamics of one to one relationships. The mentor's own personality, experience, gifts and leadership is integrated into a personal style of mentoring.

Places in the training program are limited to 12 participants. Acceptance follows an application and interview.
